Prices subject to change at any time without notice

CHAINSAW EQUIPMENT

WARRANTY 12 MONTHS ON ALL PRODUCTS

Jono & Johno is the exclusive Australian distributor of Hurricane Chainsaw Products.

The steel used in Hurricane Chain is sourced from Germany. The chain is heat treated and cut in Germany with the only part of the process carried out in China being the assembly. The chain has undergone hardening techniques to increase cutting life. The factory also implemented design changes to optimise oil distribution and reduce stretching during prolonged periods of cutting.

Hurricane Bars utilise steel sourced from a mill in the United States. The bars are then assembled in the same factory as Hurricane chain. The roller nose bearings on the Hurricane Professional bars are imported from the same Swiss factory used by the world's leading bar suppliers.

Hurricane Semi Chisel Chain
